Perplexed by their peculiar behavior, even slightly unnerved, Tom answered Maria's question. "I'm afraid there's nothing else I can do, nothing more of a fantastic nature.".This wasn't the same Enoch Cain whom Vanadium had known three years ago in Spruce Hills. That man had been utterly ruthless but not a wild, raging animal, coldly determined but never obsessive. That Cain had been too calculating and too self-controlled to have been swept into the emotional frenzy required to produce this blood graffiti and to act out the symbolic mutilation of Bartholomew with a knife..Angel, as if in God's own hands, stared with round-eyed wonder at the physician.. "Would you like a little tea and a piece of crumb cake?" Grace asked as smoothly as if, in *The Big Book of Etiquette for Ministers' Wives*, this were the preferred response to the announcement of a startling career change..With his startling combination of a Mediterranean complexion and rust-red hair, his good looks, and his fit

physique, Paul had the exotic appearance of a pulp-fiction hero. In particular, he liked to imagine that he might pass for Doc Savage's brother..He was simplifying and combining concepts, but he knew no other way to quickly give them a feel for the wonder, the enigma, the sheer spookiness of the world revealed by quantum mechanics.. "Tom," Kathleen said, "I know why you became a cop, I guess. St. Anselmo's Orphanage ... the murders of those children..".At the stream Serrenen, where it runs within the north wall of the city, the midwife gave Otter his true name, by which he is remembered in islands far from Havnor.. "Thirsty," Agnes rasped. Her voice was Sahara sand abrading anienct stone, the dry whisper of a pharaoh's mummy talking to itself in a vaulted sealed for three thousand years..Nothing in his reading offered a satisfactory explanation for what had been happening to him. None of the women filled the hole in his heart, and all of the Bartholomews were harmless. Only the needlepoint offered any satisfaction, but though Junior was proud of his craftsmanship, he knew that a grown man couldn't find fulfillment in stitchery alone..He didn't realize he was swinging the candlestick at Vanadium's face until he saw the blow land. And then he couldn't stop himself from swinging it yet once more..Then the boy put new and puzzling shadings on his meaning when he said, "Daddy died here, but he didn't die every place I am..".If the aftermath of his encounter with Vanadium had not been so messy, Junior might have paused for dinner before wrapping up his work here. The walk back from Quarry Lake had taken almost two hours, in part because he had ducked out of sight in the trees and brush each time that he heard traffic approaching. He was famished. Regardless of how well-prepared the food, however, ambience was a significant factor in the enjoyment of any meal, and bloodstained decor was not, in his view, conducive to fine dining..The moonlight had faded and the gentle waves had ebbed out of his mind's eye. He concentrated, trying to force the phantom sea to flow back into view, but this was one of those rare occasions when a Zedd technique failed him".Before he could replay the memory for further contemplation, Junior saw Ichabod exiting the house. The man returned to the Buick, seeming to float through the mist, like a phantom on a moor. He started the engine, quickly hung a U-turn in the street, and drove uphill to the house from which he had earlier collected Bartholomew..Evidently, either Frank Sinatra was an enthusiasm that Victoria and the detective shared, or the nurse purchased some of the crooner's records expressly for their dinner engagement..In July 1967, at two and a half, he finally contracted his first cold, an off-season virus with a mean bite. His throat was sore, but he didn't fuss or even complain. He swallowed his medicine without resistance, and though he rested occasionally, he played with toys and paged through picture books with as much pleasure as ever..He met her eyes, but at once shifted his gaze to the porch floor again. "I've come to say ... how sorry I am, how miserably sorry..".Alone, Junior sat in the breakfast nook with a pot of coffee and an entire Sara Lee chocolate fudge cake..Agnes dropped to one knee before the boy and held him gently by the shoulders. "Let me look..".Although this was perhaps the happiest evening of Celestina's life, it wasn't without a note of melancholy. She couldn't avoid thinking about Phimie..More than once, a passing nurse stopped to check on him and to advise him not to exhaust himself..Curiosity brought him here. Curiosity and a talent for self-preservation. Earlier, Vanadium had not come to Naomi's graveside as a mourner. He had been there as a cop, on business. Perhaps he had been at the other funeral on business, too..Three and a half days had passed since he'd pushed his wife off the tower, and in that time he'd had no real fun. He was gregarious by nature, never one to turn down a party invitation. He liked to laugh, to love, to live, but he couldn't enjoy life when he must remember at all times to appear bereft and to keep sorrow in his voice..Edom and Jacob arrived, dinner was served, and while the food was wonderful, the conversation was better-even though the twins occasionally shared their vast knowledge of train wrecks and deadly volcanic eruptions. Paul didn't contribute much to the talk, because he preferred to bask in it. If he hadn't known any of these people, if he had walked into the room while they were in the middle of dinner, he would have thought they were family, because the warmth and the intimacy-and in the twins' case, the eccentricity-of the conversation were not what he expected of such newly made friends. There was no pretense, no falsity, and no avoidance of any awkward subject, which meant there were sometimes tears, because the death of Reverend White was such a fresh wound in the hearts of those who loved him. But in the healing ways of women that remained mysterious to Paul even as he watched them do."It sure is," Barty said. When only a mortified silence followed his remark, he added: "Gee, I thought that was kinda funny..".BASEBALL CAP IN HAND, he stood on Agnes's front porch this Sunday evening, a big man with the demeanor of a shy boy..If the detective believed that Seraphim had been raped, his natural desire to exact vengeance for his friend's daughter might motivate him to commit the relentless harassment that Junior had endured now for four days..The quarter, silvery. Under the patriot's neck, the date: 1965. Coincidentally, the year that Naomi had been killed. The year that Tom had first met Cain. The year that all this had begun..Her mother and father still resided in a world where Phimie was alive. Bringing them from that old reality to this new one would be the second-hardest thing Celestina had ever done..Celestina looked out a kitchen window and saw Agnes in the Lampion driveway, where the three-vehicle caravan was assembled. She was loading her station wagon..Lipscomb shifted his gaze from the street below to the source of the rain. "Phimie was not gone long, perhaps a minute-a minute and ten seconds at most-and when she was with us again, it was clear from her condition that the cardiac arrest was most likely secondary to a massive cerebral incident. She was disoriented, paralysis on the right side ... with the distortion of the facial muscles that you saw. Her speech was slurred at first, but then something strange happened. . .".Paul," she said, "you've got a lovely house, but Celestina and Grace are doers. They need to keep occupied. They'll go stir-crazy if they don't stay busy. Am I right, ladies?".The second ring was followed by a click, and then a familiar droning voice said, "Hello. I'm Thomas Vanadium..".Their apartment was in a four-story Victorian house that dripped gingerbread, in the exclusive Pacific Heights district. It had been converted to apartments with deep respect for the architecture, years before Wally bought it..He felt so happy, he was improving every day in every way, life just got better-but then something happened that was worse than the shooting. It ruined his day, his week, the rest of his year..The detective gazed at the cash as longingly as a glutton might stare at a custard pie, as intently as a satyr might ogle a naked blonde. "Impossible. Too damn much integrity in their system. You might as well ask me to go to Buckingham Palace and fetch you a pair of the queen's undies..".the hilly streets of the city, ignoring all traffic lights and stop signs, pegging the speedometer needle at its highest mark, as though he might eventually be air-cooled by sufficient speed. He wanted to slam through unwary pedestrians, crack their bones, and send them tumbling..Phimie gazed upon the child briefly, then sought her sister's eyes again. Another word..He first eased from aisle to aisle, but soon moved more quickly, convinced that the singer would be found beyond the next turn, and then the next. Was that her trailing shadow he had glimpsed, slipping around the corner ahead of him? Her womanly scent lingering in the air after her passage?."I believe I'll just wait here until Mr. Cain wakes," Vanadium said. "I've nothing more pressing to do..".As Celestina and her mother loaded the last of the pies into the ice chests in the Suburban, Paul and

Agnes came back from her station wagon at the head of the caravan. "I didn't know her well. She didn't hang out or party much--especially after the baby." Granted that he was only three going on four, nevertheless Barty had never met anyone with as much cheerful imagination as Angel. He intended to marry her in, oh, maybe twenty years. The report on the tower forced Junior to consider his mortality; fear, hurt, and self-pity roiled in him. His voice trembled with offense: "You do know, Mr. Magusson, what happened to my Naomi was an. In addition to delivering a honey-raisin pear pie, Agnes had come to offer Obadiah Sepharad a year's work-not performing magic, but talking about it. A plate-size piece of the door had been blasted away. Because of the light shining through from the room beyond, Junior could see that no part of the lock remained intact. In fact, he peered through the hole in the door to the back of a piece of furniture that was jammed against it, whereupon the nature of the problem became clear to him. He followed the dead man through the window, into the alley, managing not to step on him. He hadn't learned much from the call other than that they hadn't found Vanadium in his Studebaker at the bottom of Quarry Lake. Lying on his side in bed, clothed and shod, knees drawn up, arms folded across his chest, hands pressed under his chin, like a precocious fetus dressed and waiting for birth, Junior tried to recall the chain of logic that had led to this long and difficult pursuit of Bartholomew. That chain led three years into the past, however, which to Junior was an eternity, and not all the links were still in place. When you construct or reconstruct a world that never existed, a wholly fictional history, the research is of a somewhat different order, but the basic impulse and techniques are much the same. You look at what happens and try to see why it happens, you listen to what the people there tell you and watch what they do, you think about it seriously, and you try to tell it honestly, so that the story will have weight and make sense. Junior was tempted to experiment with the controls. Maybe other messages were recorded on the machine. Listening to them would be delicious-even if every one of them turned out to be as meaningless to him as Max's--a little like browsing through a stranger's diary. He still had work to do here. Properly disposing of Thomas Vanadium, however, was the most urgent piece of business. Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby. Because of his blindness and his intellectual gifts, Barty was home schooled; besides, no teacher was a match for his autodidactic skills, nor could anyone possibly inspire in him a greater thirst for knowledge than the one with which he had been born. Angel went to this same informal classroom, and her sole fellow student was also her teacher. They aced the periodic equivalency tests that the law required. Their constant companionship seemed to be all play, yet was filled with constant learning, too. If not for Celestina's slutty little sister, Bartholomew would not exist. No threat. Junior's life would be different, better. As he'd proved to himself on his previous two visits--his first night in town and then two nights thereafter--this number was merely part of the pianist's repertoire. Nothing supernatural here. Murder itself was easy, but the aftermath was more draining than he had anticipated. Although the ultimate liability settlement with the state was certain to leave him financially secure for life, the stress was so great that he wondered, in his darker moments, if the reward would prove to be worth the risk. He had taken refuge in meditation, because he'd been frustrated by his continuing failure in the Bartholomew hunt and disturbed by his apparently paranormal experiences with quarters and with phone calls from the dead. More deeply disturbed than he had realized or had been able to admit. Friday brought Scamp again, all of Scamp, all day, every way, wall-to-wall Scamp, so on Saturday he hadn't enough energy to do more than shower. Short and slender, Dr. Chan was as self-effacing as a Buddhist monk, as confident and as gracious as a mandarin emperor. His manner was serene, and his effect was tranquility. This was a memory, not a real voice. Even after you became an accomplished meditator, the mind resisted this degree of blissful oblivion and tried to sabotage it with aural and visual memories. which was beginning to come into view, was as sharp as pins and needles, sheer torture to her eyes. Thrilled to have inspired this awe in her, he closed the book. "Remember what we talked about a long time ago? You asked me how come, if I could walk where the rain wasn't. . . ". During the rest of that first year, he walked to Palm Springs and back, a round trip of more than two hundred miles, and north to Santa Barbara. She strove to appear calm, and she must have succeeded, because neither woman seemed to realize that she was scared almost to the point of paralysis. She moved woodenly, joints stiff, muscles tense. The apartment above Elena's Fashions could be reached by a set of exterior stairs at the back of the building. The climb had never before taxed Agnes in the least, but now it took away her breath and left her legs trembling by the time she reached the top landing. Everyone was silent. The day was morgue-still. The crows had fled the sky, but a single hawk gilded soundlessly, like justice with its prey in sight, high above the tower. "Yes, but it's a Catholic hospital, and they offer this option to all unwed mothers--doesn't matter what their religion." Under other circumstances, Agnes might have blushed, but now her apparently irrational fear of too much life insurance had been vindicated. At nearly forty years of age, Edom still dreamed of that grim summer afternoon, although not as often as in the past. When it troubled his sleep these days, it was a nightmare that gradually metamorphosed into a dream of tenderness and hope. Until the last few years, he'd always awakened when the roses were being jammed into his mouth or when the thorns flicked through his eyelashes, or when Agnes began to strike their father with the Bible, thus seeming to assure worse punishment. This additional act, this transition from horror to hope before he woke, had been added when Agnes was pregnant with Barty. Edom didn't know why this should be so, and he didn't try to analyze it. He was simply grateful for the change, because he woke now in a state of peace, never with worse than a shudder, no longer with a hoarse cry of anguish. Although the Rolex was expensive, Junior cared nothing about the monetary loss. He could afford to buy an armful of Rolexes, and wear them from wrist to shoulder. A spirit-shredding bleakness clawed at her, but she couldn't permit it to leave her in tatters. If she traded hope for despair, as her brothers had done, Bartholomew would be finished before he'd begun. She owed him optimism, lessons in the joy of life. "Tame him or bury him," said Losen, and turned to more important matters.
