They keep complex accounts and records in weavings of different colors and weights of yarn, and are expert mathematicians, using base twelve; but only since the Godkings came to power have they employed any kind of symbolic writing, and that sparingly. He had told her he'd never go back to Westpool; the only place for him was the Great Port, the King's City, and for all he cared the island of Way could sink in the sea as deep as Solea. But she thought with love of the roads and fields of Way. She thought of Old Iria village, the marshy spring under Iria Hill, the old house on it. She thought about Daisy singing ballads in the kitchen, winter evenings, beating out the time with her wooden clogs; and old Coney in the vineyards with his razor-edge knife, showing her how to prune the vine "right down to the life in it"; and Rose, her Etaudis, whispering charms to ease the pain in a child's broken arm. I have known wise people, she thought. Her mind flinched away from remembering her father, but the motion of the leaves and shadows drew it on. She saw him drunk, shouting. She felt his prying, tremulous hands on her. She saw him weeping, sick, shamed, and grief rose up through her body and dissolved, like an ache that melts away in a long stretch. The spring wind blew strong, seaward, off Roke Knoll, blowing the water of the fountain astray. Up on the slope of the Knoll they could see a little group of people: a circle of young students learning how to do tricks of illusion from the sorcerer Hega of O; Master Hand, they called him. The sparkweed, past flowering, cast its ashes on the wind. There were streaks of grey in Ember's hair..The fashion of the time among the nobility was to have a wizard in their service, a genuine wizard.In Golden's understanding, money was power, but not the only power. There were two others, one equal, one greater. There was birth. When the Lord of the Western Land came to his domain near Glade, Golden was glad to show him fealty. The Lord was born to govern and to keep the peace, as Golden was born to deal with commerce and wealth, each in his place; and each, noble or common, if he served well and honestly, deserved honor and respect. But there were also lesser lords whom Golden could buy and sell, lend to or let beg, men born noble who deserved neither fealty nor honor. Power of birth and power of money were contingent, and must be earned lest they be lost.."I think we might go south again," Tern said, steering for the open channel.
