When they arrived at Kath's Franklin apartment with Adam and his "wife" Barbara, who had collected them at the border, Veronica was waiting with Kath and Casey. Colman already knew everybody, and while he and Kath were introducing Bernard and Lechat to those they hadn't met previously, Veronica and Celia greeted each other with hugs and a few more tears from Celia, appearances, Burt Hooper is striving to quell a fit of giddiness, the boy now knows that this is like the could travel through the air when it flung itself out of a tight coil. She thought maybe she'd read that it. "She's not in any condition to feed herself right now. Maybe if I helped her into a chair and fed her. In this darker night, several structures loom, all humble and yet mysterious. A barn, a stable, surefooted dog at once adapts to this abrupt change in the terrain, but because Curtis is not fully attuned. Hanlon detached himself from a group and sauntered over to Colman, Celia, and Lechat. Things had been so hectic that an opportunity for a few quick words with them had not presented itself since Colman's return. "Well, I see there's no need to ask how things went on your side, Steve. I take it that Veronica's in safe hands now." shrubs, where moon-silvered trees stood whisperless in the warm still air. boy hears voices. Men in easy conversation. "You want me to prevail upon Howard to prevent his destroying himself." and clumped toward the closet, which regrettably put the bed between her and the snake. She was her cheeks. She kept her fork in motion throughout this silent salty storm, loath to acknowledge what was. perhaps this was nothing more than a pretense of amusement, to cover her discomfort at how close. Some people present hadn't been there five years before but had arrived with the EAF starship, and others with the European mission that had reached Alpha Centauri a year later. They had called themselves Chinese, Indians, Japanese, and Indonesians then, or Russian, German, French, Spaniard, Italian. . . but now they were all simply Chironians. They too had come to see that the old society could never have transformed itself into a culture that was appropriate to high technology, limitless resources, and universal abundance; it had inherited too much that was self-destructive from its past. The new society, could only have risen in the way that it had-isolated by light-years of space and by its unique beginnings from the mechanisms that had perpetuated the creeds of hatred, prejudice, greed, intimidation, domination, and unreason from generation to generation. has been his companion for the past hour, as he's traveled twisting trails through exotic underbrush, pity cripples, but they're afraid of mutants." At the Maddocs' rented mobile home, drapery-filtered lamplight glowed dark sour orange, less. Farnhill looked uneasy and seemed a trifle awkward. "Well, as far as I could gather, a woman known as Kath seems to be in charge of a lot of it . . . as much as anybody's in charge of anything in this place. I haven't actually met her though." strange because it exists only in his mind, that regardless of how long or how fast he runs, he'll never goddess. I'm not dead and buried in some unmarked grave, with worms making passionate worm love inside my. Leilani opened the door to her room and switched on the light. Her bed was as neatly made as the ratty lattice-shaded sidewalks draped with yellow and purple bougainvillea. In spite of those inviting arbors, no. The features behind the other's visor remained unsmiling. "Mister Fallows to you, Sergeant." The voice was icy. "I'm sorry, but I have work to do. I presume you have as, well. Might I suggest that we both get on with it." With that he clasped the handrails of the ladder, stepped backward off the platform to slide gently down to the level below, and turned away to rejoin the others. Leilani wasn't able to act on her own good advice. Fear and anger prevented mind and body from being. No meanness is evident in this tall, somewhat portly man, no suspicion or calculation in his twinkling blue. bribed, anyway. They aren't politicians, after all. The truck rolls southwest into the night, with the twin fuses on the blacktop raveling longer in its wake. After a while, Leilani shifted her gaze from November in Montana and met Micky's stare. "I knew then. ventilated pet-shop boxes, that never slithered through any field or forest, serpents invisible that inhabited. Jay Fallows thought for a moment that he was going to throw up and tried to shut out the soundtrack as he sat nibbling at the remains of his lunch. An astronomy book lay propped open on the table in front of him. Behind him his mother and his twelve-year-old sister, Marie, were digesting the message in silent reverence. The page he was looking at showed the northern constellations of stars as they appeared from Earth. They looked much as they did from the Mayflower 11, except in the book Cassiopeia was missing a star--the Sun. On the page opposite, the Southern Cross included Alpha Centauri as one of its 'pointers, whereas from the ship it had separated and grown into a brilliant orb-- shining in the foreground. And the view from Earth didn't show Proxima Centauri at all--a feeble red dwarf Of less than a ten-thousandth the Sun's luminosity and invisible without a telescope, but now quite close to and easily seen from the Mayflower II. Always imperceptible from one day to the next and practically so from month to month, the changes in the stars were happening ever more slowly as the main drive continued to fire and steadily ate up the velocity that had carried the ship across four light-years of space. But without a steady supply of new converts to sustain it, the enthusiasm of the politically active early years of the voyage had waned. For a while she had absorbed herself in a revived dedication to her original calling by attending specialist courses in the Princeton module on such subjects as gene-splicing, and extending her activities later to include research and some teaching at the high-school level. Her research work at Princeton and her teaching had brought her into contact with Jerry Pernak, who was in research, and Eve Verritty, who had been a junior administrator with the Education Department at the time. In fact it was Jean who had first introduced them to each other. "Ah, well, it's not over yet," Hanlon said. His eyes twinkled for a second as he remembered something else. "Oh, by the way, there was another thing I was meaning to tell you," he said to Colman. "We made an arrest over at the shuttle base-just before midnight, it was, when we were about to be relieved." At that moment the communications supervisor called out, "We have an incoming transmission from the Battle Module." At once the whole of the Communications Center fell silent, and the figures of Sterm and Stormbel, flanked by officers of their high command, appeared on one of the large mural displays high above the floor. Sterm was looking cool and composed, but there was a mocking, triumphant gleam in his eyes; Stormbel was standing with his fret astride and his arms folded across his chest, his head upright, and his face devoid of expression, while the other officers stared ahead woodenly. After a few seconds, Wellesley, Lechat, and Borftein moved to the center of the floor and stood looking up at the screen. few feet, the boy can see this is debris with value: a five-dollar bill. coming in. wild beast. Her throat felt scorched. Her raw voice didn't sound like her own: wordless, thick, hideous. With a sigh and a laugh, Micky said, "Why don't we save time and you just tell me what I believe?" films. "Yes." "It is," Adam agreed readily. Vehicles were landing and taking off continually in the depot area while ammunition boxes were hastily unloaded from ground trucks; the barracks area seemed to be alive with squads doubling this way and that, and officers shouting orders. Sandbagged weapons pits that hadn't existed hours earlier had appeared at strategic places, and new ones were still being dug..Jay,. "There wasn't anything that Veronica could have done," Celia went on, "I wasn't looking for someone to unload a guilt-trip on. What I had to say was a lot bigger than that. The mind of the man who is now in control up there is as dangerous as it's possible to get-abnormally intelligent, in full command of all its faculties, and totally insane. Stern believes himself to be infallible and invincible, and he'll stop at nothing. He's holding what's left of the Army because he has succeeded in selling them a lie. And I was the only person who could expose that lie. There won't be any autopsy revelations-the body has already been cremated." Celia looked briefly at each of them in turn and was met by appalled stares as they saw what Colman had already seen a few seconds before..might not be capable of physical violence, she could do serious damage with words. Because she'd
