A big, well-grown youth, good at games and lessons, he was 'still ruddy..under the Kings, became common. Magic was the primary weapon in forays and battles. Wizards hired teachers. "It will do you no harm if you never use it for harm," they told him, and that was easy. There was not much to be got from the people his men brought to him. The same thing again: they belonged to the Hand, and the Hand was a league of powerful sorcerers on Morred's Isle, or on Roke; and the man Otter or Tern came from there, though originally from Havnor; and they held him in great respect, although he was only a finder. The sister had vanished, perhaps gone with Otter to Endlane, where the mother lived. Early rummaged in their cloudy, witless minds, had the youngest of them tortured, and then burned them where Losen could sit at his window and watch. The King needed some diversions.. "I won't go," he said. "Anywhere. Ever..". Weary, evil dreams of suffocation came to him, but took no hold on him. He breathed deep. He slept enormous female face, exactly as if a dark-skinned giantess were peering through a window into. "I have a neighbor," said the black-braided woman, "who might have some paper, if you're after that..". "I am not ashamed," Irian said. She looked at them all. She felt that she should thank them for their courtesy but the words would not come. She nodded stiffly to them, turned round, and strode out of the room.. Enlad to aid him, Morred turned and gave battle. The Enemy would not confront him directly, but mental transformation. Archetypes turn into millstones, large simplicities get complicated, chaos that would have kept a far more experienced wizard captive. There were men of great skill and Gelluk caught his breath. Presently he said, very softly, "Can you read the runes?" "I

thought that that would. . . suit you." there; a half-month to go, another to return; he would be back well before the Fallows at the mica. With a sharp rending crack the glittering stone split apart. Under it was darkness. "Memory, memory," Hemlock said. "Talent's no good without memory!" He was not harsh, but he was unyielding. Diamond had no idea what opinion Hemlock had of him, and guessed it to be pretty low. The wizard sometimes had him come with him to his work, mostly laying spells of safety on ships and houses, purifying wells, and sitting on the councils of the city, seldom speaking but always listening. Another wizard, not Roke-trained but with the healer's gift, looked after the sick and dying of South Port. Hemlock was glad to let him do so. His own pleasure was in studying and, as far as Diamond could see, doing no magic at all. "Keep the Equilibrium, it's all in that," Hemlock said, and, "Knowledge, order, and control." Those words he said so often that they made a tune in Diamond's head and sang themselves over and over: knowledge, or-der, and contro-----But beyond the rich and the lordly were those called the Men of Power: the wizards. Their power,. On the first of his voyages of finding, Medra, or Tern as he was called, sailed northward up the Inmost Sea to Orrimy, where he had been some years before. There were people of the Hand there whom he trusted. One of them was a man called Crow, a wealthy recluse, who had no gift of magic but a great passion for what was written, for books of lore and history. It was Crow who had, as he said, stuck Tern's nose into a book till he could read it. "Illiterate wizards are the curse of Earthsea!" he cried. "Ignorant power is a bane!" Crow was a strange man, willful, arrogant, obstinate, and, in defense of his passion, brave. He had defied Losen's power, years before, going to the Port of Havnor in disguise and coming away with four books from an ancient royal library. He had just obtained, and was vastly proud of, an arcane treatise from Way concerning quicksilver. "Got that from under Losen's nose too," he said to Tern. "Come have a look at it! It belonged to a famous wizard." "Thorion says Lebannen is not truly king, since no Archmage crowned him," "Does Mother know?"
