This humble house wasn't where you expected to hear an elaborate custom doorbell-or even any doorbell at all, since knuckles on wood were the cheapest announcement of a visitor..She pushed her chair back from the table and got to her feet, and everyone followed her example..He used the kitchen phone, at the comer

secretary. The blood had been cleaned up long ago, of course, and the minor damage from the ricocheting bullet had been repaired. By the time he got to the cooler, he could see this wasn't smoke, after all. It dissipated too quickly. Cool against his hand. The cold steam from dry ice. Murder itself was easy, but the aftermath was more draining than he had anticipated. Although the ultimate liability settlement with the state was certain to leave him financially secure for life, the stress was so great that he wondered, in his darker moments, if the reward would prove to be worth the risk. As to the distressing matter of Seraphim's daughter, Junior at first decided to return to San Francisco to torture the truth out of Nolly Wulfstan. Then he realized that he'd been referred to Wulfstan by the same man who had told him that Thomas Vanadium was missing and was believed to be Victoria Bressler's killer. The air was cool but not yet cold. A faint breeze smelled of the sea beyond the hill. The white Buick glided through the tides of fog like a ghost ship plying a ghost sea. Junior levered up, scrambled up, vaulted over, and crashed into the deep bin, with every intention of landing on his feet. But he overshot, slammed his shoulder into the back wall of the container, fell to his knees, and sprawled facedown in the trash. First room on the left. Move. Kick the door open. The sense of a larger space beyond, no bathroom this time, and darker. Fan the pistol, gripping with both hands. Two quick shots: muffled cough, muffled cough. Round one hit Ichabod in the left thigh, because Junior fired while bringing the weapon up from his side, but the next two were solid torso scores. This was not bad for an amateur, even if the distance to target was nearly short enough to define their encounter as hand-to-hand combat, and Junior decided that if the deformation of his left foot hadn't prevented him from fighting in Vietnam, he would have acquitted himself exceptionally well in the war. Number three on the charts was "Mr. Lonely," by Bobby Vinton, an American talent from Canonsburg, Pennsylvania. Junior sang along. "I thought so," Angel said, dubiosity squinching her face. "Mrs. Ornwalt made me cheese." Suddenly Junior intuited the identity of the man in the chair. Beyond question, this was the plainclothes police officer with the birthmark. Her case of polio had been so severe that braces and crutches were never an option. Muscle rehabilitation had been ineffective. The little hands, so weak now but someday strong: Would they eventually be capable of savagery, as were the father's hands? Misbegotten offspring. This seed of a demonic man whom Phimie herself had called sick and evil. However innocent-looking now, what pain might she eventually in-- on others? What outrages might she commit in years to come? Although Celestina searched intently, she could not glimpse the father's evil in the child. Bressler but no Vanadium. A girl named Angel. Something was wrong here. Something was rotten. Now the hole was revealed. Damp earthen walls. In the shadow of the casket, the bottom of the grave was dark and hidden from view. She wanted to tell him not to say these queer things, not to talk this way, yet she couldn't speak those words. When Barty asked her why, as inevitably he would, she'd have to say she was worried that something might be terribly wrong with him, but she couldn't express this fear to her boy, not ever. He was the lintel of her heart, the keystone of her soul, and if he failed because of her lack of confidence in him, she herself would collapse into ruin. "Six hundred ninety-five people were killed in three states. Winds so powerful that some of the bodies were thrown a mile and a half from where they were snatched off the ground." "Mommy, did you know, every day on Mars is thirty-seven minutes and twenty-seven seconds longer than ours?" Without excellence, of course, there would be no civilization, no progress, no joy; and Agnes was surprised that this sharp burr of her father's philosophy had stuck deep in her subconscious, pricking and worrying her unnecessarily. She'd thought that she was entirely clean of his influence. To prove himself, he read a little of Dickens when she requested it, a passage from *Great Expectations*. Then a passage from *Twain*. He lay still, waiting for silence to return, so he could hear whether the great gong had drawn people into the alley. "So I drew attention to myself. Raised suspicions. One night, in St. Louis, this rube recognized me from my performing days, even though I'd changed my looks. It was a high-stakes game, but the players weren't high-class. They ganged up on me, beat me, and then smashed my hands, one finger at a time, with a tire iron." "You might as well beat a cloud for raining," said Otter's mother. "Yes. In syrup form. It's a good item for your home medicine chest, in case your child ever swallows poison and you need to purge it from him quickly." holding hands as they watched John Wayne in *The Searchers*, David Niven in *Around the World in 80 Days*. They were so young then, sure they would live forever, and they were still young now, but for one of them, forever had arrived. A nuclear-powered sound system blasted out the Doors, Jefferson Airplane, the Mamas and the Papas, Strawberry Alarm Clock, Country Joe and the Fish, the Lovin' Spoonful, Donovan (unfortunately), the Rolling Stones (annoyingly), and the Beatles (infuriatingly). Megatons of music crashed off the brick walls, made the many-paned metal framed windows reverberate like the drumheads in a hard-marching military band, and created simultaneously an exhilarating sense of possibility and a sense of doom, the feeling that Armageddon was coming soon but that it was going to be fun. An alley opened on Junior's left. He stepped out of the crowd, into this narrow service way shaded by tall buildings, and walked even more briskly, still not quite running because he continued to believe that he possessed the unshakable calm and self-control of a highly self-improved man. because the car was either struck again by the pickup or hit by other traffic or perhaps it collided with a parked vehicle, but whatever the cause, the breath was knocked out of her, and her screams became ragged gasps. Curiously, reciting these facts usually calmed him, as though speaking of disaster would ward it off. Since Friday, however, he had found no comfort in his usual routines. In spite of the ravages of illness and age, beauty remained in the old woman's face. Her bone structure was superb. In youth, she must have been stunning. Moving around the front of the station wagon, waving at his mother, reveling in her astonishment, Barty shouted, "Not scary! The boy dashed for the front passenger's door. Agnes didn't follow him, because she knew that he would politely but pointedly express frustration if any attempt was made to help him with a task that he could perform himself. The girl sucked in deep lungfuls of the weary clouds. "Better hold tight, Mommy, I'm gonna float." Celestina was maneuvered aside as the surgical team began resuscitation procedures. Stunned, she backed away from the table until she encountered a wall. In southern California, as dawn of this new momentous day looms. The bright side was easy to see. If Vanadium's reputation among other cops and among prosecutors was that of a paranoid, a pathetic after-phantom perpetrator, his unsupported belief that Naomi. slow breaths, and then she pointed at the windshield. "The hospital's that way." He smiled ruefully. "Might be ready for a wedding by then, but not a honeymoon." "I believe I'll just wait here until Mr. Cain wakes," Vanadium said. "I've nothing more pressing to do." For the first few bites of crab in a light cornmeal crust, Nolly suspended their conversation. Bliss. "No. It's, stopped. The thing now is to prevent a recurrence of the emesis, which could trigger more bleeding. He's getting anti-nausea medication and replacement electrolytes intravenously, and we've applied ice bags to his midsection to reduce the chance of further abdominal-muscle spasms and to help control inflammation." "I already told you anything in your heart is as easy to read as the open page of a book." Both angry and mortified, yet still fearful, a walking multimedia collage of emotions, Junior left the gallery. Needles of rain knitted the air and quickly embroidered silvery patterns on the

blacktop..As though he were home to a species of termites that preferred the taste of men to that of wood, Vanadium felt a squirming in his marrow..All windows opening onto the fire escape featured a laminated sandwich of glass and steel-wire mesh to prevent easy access by burglars. Tom Vanadium knew all the tricks of the best B-and-E artists, but he didn't need to break in order to enter here.. "And in some of them, maybe I died the night you were born, and you live alone with your dad." . . . then how come you couldn't walk where your eyes were healthy and leave the tumors there," she remembered.. "You're all right, we've got you now." His soft yet reverberant voice was so unearthly that his words seemed to convey an assurance more profound and more comforting than their surface meaning..Settling onto the empty stool beside this beauty, Junior offered to buy her a drink, and she accepted..When Agnes woke at 1:50 A.M., she was in the grip of a vague apprehension for which she couldn't identify a source..Lord, listen to me-but I've really got to know if you can, if you are, how you feel, whether you feel, I mean, whether you think you could feel--".Because his pinching fingers deformed the shape of her mouth, her voice was compressed: "I see all the ways you are..".In the present, long after the execution of Josef Krepp, half a block ahead, lay the Lipscomb house. Beyond it, the Lampion place..Wally and Celestina went to dinner at the Armenian restaurant from which he'd gotten takeout on the day in '65 that he rescued her and Angel from Neddy Gnathic. Red tablecloths, white dishes, dark wood paneling, a cluster of candles in red glasses on each table, air redolent of garlic and roasted peppers and cubeb and sizzling soujouk-plus a personable staff, largely of the owners' family-created an atmosphere as right for celebration as for intimate conversation, and Celestina expected to enjoy both, because this promised to be a most momentous day in more ways than one..There was a valuable lesson to be learned from the encounter with Renee Vivi: Many things in this life are not what they first appear to be. To Junior, however, the lesson was not worth learning if he had to live with the vivid memory of his humiliation..To his surprise, when Naomi expressed an interest in romance, Junior was a bull again. He would have thought he had left his best stuff at Reverend Harrison White's parsonage..Impressed by the sureness and swiftness with which the blind boy negotiated the steps and set off across the lawn, Tom didn't initially notice anything unusual about his stroll through the deluge..Memory of the Spartan decor of Thomas Vanadium's house lingered with Junior, and he addressed his living space with the detective's style in mind. He installed a minimum of furniture, though all new and of higher quality than the junk in Vanadium's residence: sleek, modern, Danish-pecan wood and nappy oatmeal-colored upholstery..Candle flames blurred into bright smears, and the faces of her good parents shimmered like the half-seen countenances of angels in dreams..WHEN DR. JIM PARKHURST made his evening rounds, Junior didn't continue to feign sleep but asked earnest questions to which he knew most of the answers, having eavesdropped on the conversation between the physician and Detective Vanadium..If they were suspicious of him, they showed no obvious alarm. The three went inside in no particular rush, and judging by their demeanor, Junior decided that they hadn't spotted him, after all..He yearned for a new heart mate. He was wise enough to know that no amount of yearning could transform the wrong woman into the right one. Love couldn't be demanded, planned, or manufactured. Love always came as a surprise, snuck up on you when you were least expecting it, like Anthony Perkins in a dress..Agnes meant to stop Maria from turning the eleventh card, but her curiosity was equal to her apprehension..Many police agencies required an officer to carry a firearm even when off duty. If the Oregon State Police had no such rule, Vanadium most likely carried one anyway, because in his crazy-as-a-snake mind,.He was astonished that adoption records would be sealed and so closely guarded when a child was being placed with a member of its immediate family, with its mother's sister..Paul sat by himself, at the far end of the restaurant from them. He ordered orange juice and waffles..A rescuer instructed her to close her eyes and turn her face away from the passenger's door. He shoved a quilted mover's blanket through the window and arranged this protective padding along her right side..Eventually, dinner over, cleanup finished, when Maria and the uncles had gone, Agnes and Barty faced the stairs together. She followed, holding his cane, which he said he preferred not to use in the house, prepared to catch him if he stumbled..When he was baking, the world seemed to be a less dangerous place. Sometimes, making a cake, he forgot to be afraid..Kathleen expected this would prove to be true. She herself was not frightened by Thomas Vanadium's appearance; but then she had been prepared for it before she first saw him. And she wasn't a murderer, fearful of retribution, to whom this particular face would seem like Judgment personified..Even Rudy, as huge as Big Foot and as amoral as a skink, was afraid of this woman..Opening his eyes blinking back his tears just as more agonizing contractions knotted his abdomen, he could see ribbons of red in the watery green mess that gushed from him. Bright red. Gastric blood would be dark. This must be pharyngeal blood. Unless an artery had ruptured in his stomach, torn by the incredible violence of these intransigent spasms, in which case he was puking his life away..Jacob was hiding something. Until he had spoken of Josef Krepp, his every response had been formed as a question, which had always been his preferred method of avoidance when conversation involved a subject that made him uncomfortable..When he woke in- the morning, he raised his head from the pillow to look at the alarm clock-and saw the twenty-five cents on his nightstand. Two dimes and a nickel..he was prepared to find Vanadium sitting at the pine table, enjoying- a cup of coffee. The kitchen was deserted..Barty wore elfin-size, knitted blue pajamas complete with feet, white rickrack at the cuffs and neckline, and a matching cap. His white blanket was decorated with blue and yellow bunnies..The room was bright enough for him to confirm that he was alone. The interior of the box in which Naomi now resided could be no more silent than this house..She slammed it shut before he could stop her, whether he had intended to stop her or not, and she engaged the deadbolt lock..He shouldered past two counter waitresses, past the short-order cook who was working eggs and burgers and bacon on the open griddle and grill. Whatever expression wrenched Junior's face, it must have been intimidating, for without protest but with walled alarm, the employees squeezed aside to let him pass..On Sunday, New Year's Eve, Edom and Jacob came for dinner. Following dessert, when Barty went to his room to continue reading Starman Jones, which he had begun late that afternoon, Agnes told her brothers the truth about their nephew's eyes..Barty sat at the kitchen table, reading Between Planets. From time to time, Agnes discovered him watching her at work or studying Maria's face and her dexterous hands..The roses filling the countersunk vases in the corners of Joey's gravestone were not Edom-grown, but they were Edom-bought. He had visited the florist himself, personally selecting each bloom from the inventory in the cooler; but he didn't have the courage to accompany Agnes and Barty to the grave..Although Thomas Vanadium was unconscious, perhaps even dead, and though both nailhead-gray eyes were closed, Junior knew those eyes were watching him, watching through the lids..Academy of Art College and might have met Celestina White. The critiques of her paintings."Oh, yes, I recall it now. Polar bears eating tourists in Union Square, wolf packs prowling the Heights."
