Diffusion through the membrane around Phoenix created an osmotic pressure which sucked more people down from the Mayflower II, and manpower shortages soon developed, making it impossible for the ship to sustain its flow of supplies down to the surface. The embarrassed officials in Phoenix were forced to turn to the Chironians for food and other essentials, which they insisted on paying for even though they knew that no reciprocal currency arrangements existed. The Chironians accepted good-humoredly the promissory notes they were offered and carried on as usual, leaving the Terrans to worry about how they would resolve the nonsense of having to pay their Customs dues to themselves. "I'm not that hung up about it," Colman insisted, not for the first time. "Maybe it is like some of the guys think, and maybe it's not. Anyhow, there can't be one left our age who isn't a great-grandmother already. Look at the statistics. ". Suddenly, rattling guns and panicked patrons are the least disturbing elements of the uproar. Jay asked, every bit as mystified as his father. Book design by Virginia Norey. "Maybe I was stupid because I wanted to be stupid." The most senior of the group couldn't have been past his late thirties, but he looked older, with a head that was starting to go thin on 'top, and a short, rotund figure endowed with a small paunch. He was wearing an open necked shirt of intricately embroidered blues and grays, and plain navy blue slacks held up with a belt. His features looked vaguely Asiatic. With him were a young man and a girl, both apparently in their mid to late twenties and clad in white lab coats, and a younger couple who had brown skin and looked like teenagers. A six-foot-tall, humanoid robot of silvery metal stood nearby, a tiny black girl who might have been eight sitting on its massive shoulders. Her legs dangled around its neck and her arms clasped the top of its head. Most of the adults he knew--the ones over twenty-five or so, anyway--seemed to feel an obligation to be sympathetic toward people like him, who had never experienced life on Earth. From what he had seen he wasn't sure that he'd missed all that much. Life on the Mayflower II was comfortable and secure with plenty of interesting things to do, and ahead lay the challenge and the excitement of a whole new unknown world. Certainly that was something no one back on Earth could look forward to. Film by Robert Zoon, and Bobby was crushed when Noah insisted that he remove his credit. interpret a patient's responses. If this had been nuclear-reactor engineering, Micky would already have. Huddled in the hostile night, he hears himself making miserable sounds. His mother always told him that. "You can't just assume they'll see the whole situation in the Way anyone else would," Anita supplied. "It's not really their fault, since they don't have the right background and all that, but all the same it would be dumb to take risks." "It makes sense, I guess," Paula agreed absently. "Were they ever there?" Leilani asked again. reassemble them into their original architectures. we'll get there while the action is still hot. The only reason we're renting next door for a week is because. scaly ringlets under the window. Evil-looking head raised. Alert. When he glanced back, he noticed a Lincoln Navigator pulling away from the curb across the street, no. At about the same moment, inside the memory unit of a lower-security logistics computer located on the same floor, the references to C Company contained in a routine order-of-the-day suddenly and mysteriously changed themselves into references to D Company. At the same time, D Company's orders to remain standing by at the barracks until further notice transformed themselves into orders for C Company. Ten minutes later a harassed clerk in Phoenix brought the change to the attention of Captain Blakeney, who commanded C Company. Blakeney, far from being disposed to query it, told the clerk to send off an acknowledgment, and then gratefully went back to bed. Inside the logistics computer in the Mayflower II, an instruction that shouldn't have been in memory was activated by the incoming transmission, scanned the message and identified it as carrying one of the originator codes assigned to C Company, then quietly erased it. though unintentionally he flings off one of his sandals. In a crouch, he crosses the roof to the brink. When he looks back again, the mutt whines beseechingly. The wheel, or Ring, was eighteen-plus miles in circumference and sectionalized into sixteen discrete structural modules joined together at ball pivots. Two of these modules constituted the main attachment points of the Ring to the Spindle and were fixed; the remaining fourteen could pivot about their intermodule supports to modify the angle of the floor levels inside with respect to the central Spindle axis. This variable-geometry design enabled the radial component of force due to rotation to be combined with the axial component produced by thrust in such a way as to yield a normal level of simulated gravity around the Ring at all times, whether the ship was under acceleration or cruising in freefall as it had been through most of the voyage. "You don't understand," Jay said. "On Earth, a lot of people would see that as their big ambition in life." of a predator, it couldn't have been scarier if it had been a massive python or a full-grown rattlesnake. grass. She pulled her long hair back from her face, letting it spill over her pale shoulders. Arching her. Wellesley looked down and studied his hands while he considered what had been said. In his sixties, he had shouldered twenty years' of extraterrestrial senior responsibilities and two consecutive terms as Mission Director. Although a metallic glitter still remained in the pale eyes looking out below his thinning, sandy hair, and the lines of his hawkish features were still sharp and clear, a hint of inner weariness showed

through in the hollows beginning to appear in his cheeks and neck, and in the barely detectable sag of his shoulders beneath his jacket. His body language seemed to say that when he finally had shepherded the Mayflower I1 safely to its destination, he would be content to stand down..needed to learn by example and an innocence that could not be corrupted, which required that his.Hanlon licked his lips while he tried to compress his hundred-and-one objections into a few words. "Ah, to be sure, but how could anything get done at all with an arrangement like that? Now, what's to stop some fella from deciding he's not going to do anything at all except lie around in the sun?".Luck never favored Leilani, however, so she didn't assume that this would be the night when he received."The Chironians on channel eight are requesting a report, sir."--Driscoll was feeling more relieved. If what he had seen so far was anything to go by, the Chironians weren't going to start any trouble. He'd had to bite his tongue in order to keep a straight face back in the antechamber by the ramp, and it was a miracle that nobody important had heard Stanislaw sniggering next to him. The Chironians were okay, he had decided. Everything would be okay.. . provided that ass-faces like Farnhill didn't go and screw things up..Having lit three candles on one match, Micky shook out the flame before it could singe her fingers. "This."See, there's that anger again."
