If I taught him badly, I did worse in sending him away. I thought him insignificant, and so harmless. But he lied to you and beguiled you. You must not feel shame. The fault was his, and mine.".. A quarrel between brothers over their inheritance divided them. One heir mismanaged his estate through greed, the other through foolishness. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one of the loveliest regions of hill and field and meadow in all Earthsea, was a battleground of feuds and litigations. Farmlands went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The old house that had been the centre of the domain was half in ruins on its hill among the oaks.. Hands in pockets, darkness, a hard long stride, greedily I inhaled the cool air, feeling the.. The food of dragons is said to be light, or fire; they kill in rage, to defend their young, or for sport, but never eat their kill. Since time immemorial, until the reign of Heru, they had used only the outmost isles of the West Reach-which may have been the easternmost borders of their own realm-for meeting and breeding, and had seldom even been seen by most of the islanders. Naturally irritable and arrogant, the dragons may have felt threatened by the increasing population and prosperity of the Inner Lands, which brought constant boat traffic even out in the West Reach. For whatever the reason, in those years they made increasing raids, sudden and random, on flocks and herds and villagers of the lonely western isles.. It was hard work out in the pastures. "Who doesn't do hard work?" Emer had asked, showing her round, strong arms, her hard, red hands. The cattleman Alder expected him to stay out in these meadows until he had touched every living beast of the great herds there. Alder had sent two cowboys along. They made a camp of sorts, with a groundcloth and a half tent. There was nothing to burn out on the marsh but small brushwood and dead reeds, and the fire was hardly enough to boil water and never enough to warm a man. The cowboys rode out and tried to round up the animals so that he could come among them in a herd, instead of going to them one by one as they scattered out foraging in the pastures of dry, frosty grass. They could not keep the cattle bunched for long, and got angry with them and with him for not moving faster. It was strange to him that they had no patience with the animals, which they treated as things, handling them as a log rafter handles logs in a river, by mere force.. walls, there.. Not a voice, not a face. It was difficult to feel uneasy in an ordinary-looking town on a sweet spring morning, but in such silence he must wonder if he was indeed in a plague-stricken place or an island under a curse. He went on. Between a house and an old plum tree was a wash line, the clothes pinned on it flapping in the sunny breeze. A cat came round the corner of a garden, no abandoned starveling but a white-pawed, well-whiskered, prosperous cat. And at last, coming down the steep little street, which here was cobbled, he heard voices.. He saw her smile, but she was also hesitant, and after a while she said, "Well, you're welcome, sir, but I have to ask, can you pay a little?".. "I don't know," Dragonfly said. "To hear about the Great House is wonderful, but I thought the people there would be - I don't know. Of course they're mostly just boys when they go there. But I thought they'd be..." She gazed off at the sheep on the hill, her face troubled. "Some of them are really bad and stupid," she said in a low voice. "They get into the School because they're rich. And they study there just to get richer. Or to get power.".. itself felt, assuring complete safety. The platform truly hung in the air, not supported by anything.. The cowboys were discussing whether or not it was safe to eat the meat of a steer dead of the murrain. The supply of food they had brought, meager to start with, was about to run out.
